

Press Release

AUSTRIACARD HOLDINGS is helping ZoidPay to launch the ZoidPay Super App via its leading card payment solutions platform

ZoidPay is partnering with AUSTRIACARD HOLDINGS, a global leading payment services provider, in order to launch The ZoidPay Super App. Under this partnership, AUSTRIACARD HOLDINGS will provide key technology and compliance support for the upcoming Web 3 Super App. The ZoidPay Super App aims to offer users a seamless experience to manage both fiat and crypto currencies. Through the application, users will be able to open EUR or USD accounts, receive IBANs, order virtual or physical debit cards, transfer funds instantly and top up accounts via cards or bank transfers. This application will also function as a secure crypto wallet, allowing users to instantly exchange crypto currencies for the equivalent fiat balance.

As part of the partnership, AUSTRIACARD HOLDINGS is extending solutions across six areas:

- Digital Onboarding Solutions for new customers
- Digital Wallet Solution & Virtual Cards issuance
- Token Service Providers (TSP) Integration (with Google Pay and Apple Pay)
- BIN Sponsorship and IBANs provisioning
- Processing Services & Money Transfers
- Physical Cards issuance & distribution worldwide

On the partnership, **Kostas Fiakas, Chief Strategy Officer of INFORM (member of AUSTRIACARD HOLDINGS)**, said: *“We are thrilled to have partnered up with ZoidPay in providing the full bank / money institution infrastructure as a service, including the development of a digital solution, which incorporates all the key elements needed to provide a seamless service across the board in such a sensitive environment. The solution, not only offers a full integration with Google and Apple pay in one digital wallet solution, which comes with a complete set of elements, but also provides a walk in the park digital customer’s onboarding journey.”*

“This is a true joint venture between the physical and the digital world, operating under one roof, complementing each other, with the provisioning of cards of both worlds (Virtual and Physical) being issued and delivered across the globe” said **Pablo Rodríguez Pérez, Business Development Director of AUSTRIACARD**. *“Great organizations do think alike and it is a path to guaranteed success when our expertise along ZoidPay creates a solution that does make an actual difference.”*

“Partnering with AUSTRIACARD HOLDINGS is a game-changer to our upcoming Super App,” says **ZoidPay CEO & Co-founder Eduard Oneci**. *“With AUSTRIACARD’s technology and compliance expertise, we are gearing up to launch a Web 3 app that seamlessly blends fiat and crypto capabilities with a user experience as smooth as leading neobanks. And, we can extend these solutions globally! By outsourcing these key compliance and tech functions to AUSTRIACARD HOLDINGS, we have been able to focus on building a truly innovative fintech app,”* he concludes.

AUSTRIACARD HOLDINGS is certified by, among others, VISA, MasterCard, Diners Club, Union Pay and JCB. AUSTRIACARD HOLDINGS's payment portfolio consists of a seamless solution which includes, from physical payment elements, incorporating all the latest EMV security standards, card personalization, providing a

wide range of industry-leading techniques, ensuring high-quality work in the best possible value to a licensing of a full bank infrastructure, including management of payment products, bank accounts, digital & virtual cards and tokenization services. With a strong presence and operations across the world, AUSTRIACARD HOLDINGS has over 1000 clients in more than 50 markets and currently issues 120M+ cards each year, meaning 300,000 cards a day.
