

AUSTRIACARD HOLDINGS AG
CONSOLIDATED CORPORATE GOVERNANCE REPORT

1. CORPORATE GOVERNANCE STATEMENT

AUSTRIACARD HOLDINGS AG has been listed on the Vienna Stock Exchange and the Athens Stock Exchange since March 2023. The Management Board and the Supervisory Board of AUSTRIACARD HOLDINGS AG are committed to the principles of good corporate governance and the Company is subject to the regulations of the Austrian Code of Corporate Governance ("ÖCGK").

The ÖCGK pursues the goal of responsible management and control of companies and groups of companies with a focus on sustainable and long-term value creation and can be accessed here: <https://www.corporate-governance.at/code/>. The Code achieves a high degree of transparency for all stakeholders of the Company.

AUSTRIACARD HOLDINGS AG is committed to application and compliance with the January 2023 version of the ÖCGK. § 243c UGB and § 267b UGB (Consolidated Corporate Governance Report) were also applied when preparing this consolidated corporate governance report.

Deviations from C-Rules

In the financial year ending 31 December 2023, AUSTRIACARD HOLDINGS AG did not fully comply with the following C-Rules of the Austrian Code of Corporate Governance:

C-Rule 27: AUSTRIACARD HOLDINGS AG does not fully comply with this rule as variable remuneration components do not include non-financial criteria. The variable remuneration components were approved prior to the listing of the Company and the current Remuneration Policy, hence do not include non-financial information.

C-Rule 28: AUSTRIACARD HOLDINGS AG does not fully comply with this rule since the share option plan (SOP) of the Company was not approved by the General Meeting but by the Supervisory Board. In addition, the SOP does not contain a clause stipulating a waiting period of at least three years. Both deviations are due to the fact that the SOP has replaced existing legacy management participation plans that had been introduced prior to the admittance to the stock exchange and before the Company became subject to the regulations of the Austrian Code of Corporate Governance.

Although there are currently no women serving on our management board and no women are appointed to the supervisory board, this is not reflecting a lack of commitment of AUSTRIACARD to gender equality. We will, in future, also be open to external appointments and will be seeking for qualified female candidates.

Although AUSTRIACARD does not employ explicit "female quotas" when filling particular positions, we utilize measure that will have long-term effect with the superior goal of increasing the percentage of women across the AUSTRIACARD group at all levels (including the supervisory and management boards). In pursuit of this goal, the management board has developed initiatives to promote the professional development and advancement of women within the Group, such as offering of flexible working arrangements.

With regard to the Supervisory Board, it has been recognized that a higher degree of diversity and the inclusion of female members on the Supervisory Board can be a suitable measure for improving the decision making of the Supervisory Board.
