

**Press Release**

**AUSTRIACARD HOLDINGS Launches Stellar Metal Card Collection,  
Redefining the Future of Premium Payment**

**Vienna, June 2, 2026:** AUSTRIACARD HOLDINGS announces the launch of its Metal Card Collection at Money 20/20 Europe, held in Amsterdam, The Netherlands. The collection comprises five meticulously engineered card products that set a new standard for premium payment experiences — combining precision craftsmanship, cutting-edge technology, and infinite customisation options at the heart of the global payments industry.

**Innovation Illuminated — The Collection**

The new Metal Card Collection consists of five distinct products, each engineered to deliver while sharing a common commitment to quality, durability, and design excellence:

1. **Metal Prime** — The definitive metal card experience, combining premium weight, elegant finish with an unmatched tactile satisfaction and a precise mechanical and laser engraved for a card that commands attention at every touchpoint.
2. **Boned Metal** — A worthwhile distinctive construction solution that merges the strength of metal with card manufacturing possibilities, delivering entry base sophisticated cards with the metallic resonance.
3. **Full Metal** — Pure, uncompromised metal construction from edge to edge. A card that speaks to the art of engineering the future of payment, offering a unique premium experience and premium weight.
4. **Gold Mirror** — Featuring a flawless mirror finish that reflects true luxury, the Gold Mirror card is a statement of prestige. Its reflective surface transforms an everyday financial tool into a collectible object of desire.

# AUSTRIACARD (HOLDINGS)

5. **LED** — The most technologically advanced card in the collection, featuring an integrated LED light that activates at the moment of payment. The LED card is a true embodiment of the collection's promise: Innovation Illuminated.

## Engineering the Future of Payment

Across the entire collection, AUSTRIACARD HOLDINGS has integrated a suite of advanced features that redefine what a payment card can be:

**Precision Engraving:** State-of-the-art engraving technology ensures every detail, laser techniques for cardholder data or design details; mechanical engraved for brand identity or magnified designs. All rendered with exceptional accuracy and permanence.

**Infinite Customisation:** Each card in the collection supports a wide spectrum of design customization options, enabling financial institutions, fintechs, and luxury brands to create truly unique products aligned with their identity.

**Tactile Graphics:** Multi-dimensional surface treatments add a sensory layer to the card experience, reinforcing brand values through touch.

**Mirror Finish:** Available on select models, the mirror finish delivers an immaculate reflective surface that signals premium positioning at first glance.

**Integrated LED Light:** Exclusive to the LED card, this feature introduces a new dimension of interactivity to the payment moment, creating a memorable brand experience.

**Premium Weight & Metallic Resonance:** Every card in the collection is designed to deliver a distinctive weight and sound that signals quality, reinforcing the cardholder's sense of premium ownership with every use.

## A New Dimension of Premium

**Jon Neeraas, EVP Western Europe, Nordics, Americas Tag Systems (member of AUSTRIACARD HOLDINGS)** said:

"With this collection, we are not simply launching new card products — we are redefining what premium means in the payment industry. At AUSTRIACARD HOLDINGS, we believe that a card is more than a transaction tool; it is a statement of identity, craftsmanship, and trust. Our Stellar Metal Card Collection is the result of years of expertise and a deep understanding of what financial institutions and their customers expect from a truly premium product. From the precision engraving of the Metal Prime to the innovation illuminated through the LED card, every product in this collection has been designed to leave a lasting impression. We are proud to bring this new dimension of premium to our clients and their cardholders around the world."
