

# ACT Mobile Sticker

Ready to be attached to any mobile phone, the Austria Card Transport (ACT) Mobile Sticker is the ideal alternative or complement to contactless cards. A special shielding layer ensures a reliable performance on various housings or surfaces. In addition to contactless payment, other applications like Loyalty Programmes, Payment, or Access Authorization can be integrated.

The ACT Mobile Sticker offers a wide range of benefits including:

- Flexibility: Perfect adhesion even to irregular surfaces.
- Thinness: Sticker is extremely thin and can be placed inside the housing of suitable mobile phones if desired.
- Convenience: Easy to attach, easy to use.
- Attractiveness: High-grade appeal due to leading-edge printing techniques.
- Ubiquity: Sticker operates on any object.
- Reliability: Certified security and quality (DIN/ISO 9001, NASPO).
